STATEMENTS ESTABLISHING UNINTENTIONAL DELAY

I live in Taiwan, R.O.C. and I had relied on a paralegal organization within my country to file and prosecute my patent applications. Without my knowledge, that paralegal organization hired Dougherty and Troxell to file and prosecute the applications. When the Office Actions were sent out I was never notified of them, and hence could not respond in a timely manner. This lack of knowledge was unintentional on my part since I assumed that the paralegal organization I had hired to look out for my legal interests would do so. The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. When I hired THE LAW OFFICES OF ROGER C. HSU, 201 South lake Ave., Ste. 302, Pasadena, CA 91101 to check on the status of my patent applications. That law firm has tracked down the practitioner who had worked on my applications and ordered the file from him diligently. As soon as we have received the files, I filed this Petition and the only delay that has occurred since I knew of the abandonment has been the time needed to get the files and prepare the required Reply.

The geographic and language barriers between the USPTO and I as well as the artificial barrier created when my paralegal firm hired a firm in the United States with whom I had no contact are the reasons for the unintentional delay.
